MISS CLEMMMA CLARK WINS FORD TOURING CAR WITH TOTAL OF 8,773,376 VOTES

Mrs. C. P. Pierce, Miss Martha Jones, Miss Ruth Day and
Several Other Candidates Poll Large Vote Totals.
Official Decision of the Judges Given Below.

NOW MATTER OF HISTORY

The Advocate's Big Prize Race Closed Saturday Night After
One of the Hardest Fought Voting Battles in the History
of This Section. Spirit of the Campaign Was Animat-
ed and not Until the Judges Had Completed the
Count Would Any One Even Hazard a Guess
As to What the Outcome Would Be.

DECISION OF THE JUDGES

We, the undersigned, named to act as judges and make the
final count in the Mt. Sterling Advocate's Automobile and Prize
Campaign, were present and took charge of the ballot box at 9
o'clock, Saturday night, July 6th, finding the same locked and seal-
ed as advertised. We then proceeded to count the votes, complet-
ing the count at a late hour Saturday night, and the result was
then made known to the management of the campaign. The figures
given below are the result of our count: (Signed)

The Mt. Sterling Advocate's big
Automobile and Prize Campaign is
now a matter of history. The offi-
cial standings told the story of the
great race in which the balloting
ended at 9 o'clock last Saturday
night. The checking of the records
was a rather tedious task but the
systematic manner in which the
judges conducted the count was so
thorough that there was no chance
for an error. The votes were count-
ed on an adding machine and the
results were then checked and re-
checked several times to make sure
they were correct. Fortunately the
gentlemen who served as the
judges, were all accustomed to the
handling of figures and this fact
enabled them to complete the count
in such a much shorter time than is
usual in such campaigns.

The interest in the outcome of the
big campaign was intense—it seem-
ed as if almost everyone had some
favorite in the big race—and the
crowd could hardly wait for the
judges to complete the count and
make the announcement of the win-
ners. Hardly had the judges com-
menced the work of counting before
telephone calls began to come in at
frequent intervals with the query
"who are the winners?" It was
11:30 p. m. before the judges com-
pleted the counting, but a large
crowd that filled the office, side-

walk and street, remained, waiting
for the judges to announce the re-
sult of the race.

All the candidates have been
gainers even though their names do
not appear high on the list of win-
ners. They have increased their
circle of acquaintances and have
cemented the bonds of friendship
even closer than when admiring
friends placed their names before
the public as candidates for prizes.

One of the most interesting fea-
tures of the campaign was the
friendliness of the rivalry between
the different candidates and this
good will was even in stronger evi-
dence when the announcement of
the winners was made. Among the
congratulations received by the for-
tunate were those of candidates
who were in the race against them,
personal friends in many instances
who had come to the close lacking a
few thousand votes of winning a
big prize. It requires a good deal of
spirit to put up a battle of this na-
ture and it takes a strong will to be
a cheerful loser, but we are sure
this is the way the candidates feel
who did not win a big prize. As was
announced at the beginning of the
campaign, everyone who made an
active race and secured any sub-
scriptions whatever would win either
one of the regular prizes or a cash
prize, consisting of a commission of

the subscriptions they secured. In
this way, every candidate received
something for her efforts.

The campaign was in charge of
the W. C. Potts Contest Company
that has conducted many circula-
tion campaigns in this and other
states. They gave every candidate
courteous and impartial treatment
and conducted an absolutely clean,
fair and square campaign in every
way.

Everyone was satisfied with the
way the campaign was conducted
and the work of the board of judges,
who proved to be experts. With the
help of the adding machine, they
went through the task in a thorough
and business-like way and are to be
congratulated for the dispatch with
which it was done.

The Mt. Sterling Advocate de-
sires to thank the contestants and
their friends for the interest taken
and the good work which was done
in adding to the subscription list. It
sincerely regrets that it is not able
to give big prizes to all who took
part in the big race, for all deserve
to win one of the coveted prizes, but
it hopes those who did win them will
enjoy them to the utmost.

The Advocate also desires to
thank the judges, Mr. C. B. Patter-
son, Mr. J. H. Conner and Mr. B.
Frank Perry, for the efficient way
in which they so ably conducted the
count, and the Exchange bank for
the use of their adding machine in
making the final count.

Progress is the watchword of the
Mt. Sterling Advocate and it will
endeavor at all times to improve its
paper and add new features which
will be of interest to its readers.
For years, the Advocate has been a
welcome visitor in hundreds of
homes throughout this section of
the state and it hopes to be equally
as well known and as well liked
among the large list of new readers
gained through the medium of the
campaign.

As an advertising medium, the
Mt. Sterling Advocate is unequalled
in the weekly newspaper field of
Kentucky. With the large list of
new subscribers gained through the
campaign, together with the strong
list it had before, it now offers the
LARGEST GUARANTEED CIRCULA-
TION of any weekly newspaper
in this section of Kentucky.

SUBSCRIBERS ATTENTION

Owing to the great number of
names added to our lists in the past
week it is more than likely a num-
ber of papers will be sent on the
wrong routes which will cause delay
however, if you do not get the paper
or the date is wrong on your label
please notify us. We hope to get
our lists in good order within the
next few weeks and in the mean time
we ask your indulgence.

MAKE GOOD CATCH

Saturday night six negroes went
to Lexington, with Gay Wilson, who
runs an automobile for hire. Offi-
cers suspected the purpose of their
visit was to bring back liquor and
Policemen Scott and Brookway and
Jailer Greer secured an automobile
and went out on the Winchester
pike and waited for the return of
the Wilson car. When it passed
them they followed and when they
were unloading in the city, arrested
the parties. They also took posses-
sion of some twenty quarts of liquor
and a quantity of beer and gin,
which they are holding as evidence.

The six negroes are charged with
bringing liquor from wet to dry ter-
ritory, under the new act of the
Legislature and Wilson is charged
with transporting the liquor for hire
from wet to dry territory. The cases
were called in Police Court Monday
morning and Wilson not being pres-
ent, the cases were all continued un-
til Saturday afternoon at 2 o'clock,
when Judge Turner will give them
all a hearing. It is understood that
the officers are going to make a
test case, especially in the Wilson
case, as they contend that if auto-
mobile owners can haul people to
Lexington and bring back liquor,
the new anti-shiping law is a
joke and the sooner it is found out
the better.

STABBED WITH FATAL RESULTS

Argument at Gay Wilson's Soft
Drink House Sunday Night
Ends in Murder

Late Sunday night, John Allen
Hall, colored, stabbed Henry Gar-
rett, also colored, several times with
a knife, from which cutting Gar-
rett died in a few minutes. The
trouble occurred at the soft drink
establishment of Gay Wilson, on
East Main St., in this city, oppo-
site the old gas works. Those who
saw the trouble say the killing was
without provocation. Hall it ap-
pears was drinking and came into
the Wilson house, where Garrett
was and began guying him about a
girl. It seems the girl was in the
back of the room and Garrett asked
him not to talk that way, in her
hearing and then left the room.
Hall followed closely behind him and
when they got out of the building,
Hall began cutting him with a knife.
Garrett was stabbed a number of
times and lived but a few minutes.
Hall immediately made his escape
and has not been apprehended. Gar-
rett is said to have been a good neg-
ro while Hall has frequently been in
trouble before and was under bond
to appear at the next term of the
Circuit Court on another felony.

It is also understood that repre-
sentatives of the Commonwealth are
collecting evidence as to the char-
acter of business being conducted
by Mr. Wilson, with a view of tak-
ing action to close the place, which
is frequented by negroes only.

Later, Hall was arrested at the
home of his father Wade Hall on
Hog Creek; above the Levee, at a
late hour Monday night. Sheriff
Roberts, Deputy Sheriff Cravens
and Chief of Police Tipton, accom-
panied by several guards, surround-
ed the house and surprised their
man while in bed. The officers say
there were two guns in the room
and a knife under his pillow. Hall
will be given an examining trial be-
fore Judge Earl W. Seuff some day
this week.

Are the Packers Profiteers?

Plain Facts About the Meat Business

The Federal Trade Commission in its recent report on war profits, stated that the five large meat packers have been profiteering and that they have a monopoly of the market. These conclusions, if fair and just, are matters of serious concern not only to those engaged in the meat packing business but to every other citizen of our country.

The figures given on profits are misleading and the statement that the packers have a monopoly is unsupported by the facts. The packers mentioned in the report stand ready to prove their profits reasonable and necessary.

The meat business is one of the largest American industries. Any citizen who would familiarize himself with its details must be prepared for large totals.

The report states that the aggregate profits of four large packers were \$140,000,000 for the three war years.

This sum is compared with \$19,000,000 as the average annual profit for the three years before the war, making it appear that the war profit was \$121,000,000 greater than the pre-war profit.

This compares a three-year profit with a one-year profit—a manifestly unfair method of comparison. It is not only misleading, but the Federal Trade Commission apparently has made a mistake in the figures themselves.

The aggregate three-year profit of \$140,000,000 was earned on sales of over four and a half billion dollars. It means about three cents on each dollar of sales—or a mere fraction of a cent per pound of product.

Packers' profits are a negligible factor in prices of live stock and meats. No other large business is conducted upon such small margins of profit.

Furthermore—and this is very important—only a small portion of this profit has been paid in dividends. The balance has been put back into the businesses. It had to be, as you realize when you consider the problems the packers have had to solve—and solve quickly—during these war years.

To conduct this business in war times, with higher costs and the necessity of paying two or three times the former prices for live stock, has acquired the use of two or three times the ordinary amount of working capital. The additional profit makes only a fair return on this, and as has been stated, the larger

portion of the profits earned has been used to finance huge stocks of goods and to provide additions and improvements made necessary by the enormous demands of our army and navy and the Allies.

If you are a business man you will appreciate the significance of these facts. If you are unacquainted with business, talk this matter over with some business acquaintance—with your banker, say—and ask him to compare profits of the packing industry with those of any other large industry at the present time.

No evidence is offered by the Federal Trade Commission in support of the statement that the large packers have a monopoly. The Commission's own report shows the large number and importance of other packers.

The packers mentioned in the statement stand ready to prove to any fair minded person that they are in keen competition with each other, and that they have no power to manipulate prices.

If this were not true they would not dare to make this positive statement.

Furthermore, government figures show that the five large packers mentioned in the report account for only about one-third of the meat business of the country.

They wish it were possible to interest you in the details of their business. Of how, for instance, they can sell dressed beef for less than the cost of the live animal, owing to utilization of by-products, and of the wonderful story of the methods of distribution throughout this broad land, as well as in other countries. The five packers mentioned feel justified in co-operating with each other to the extent of together presenting this public statement.

They have been able to do a big job for your government in its time of need; they have met all war time demands promptly and completely and they are willing to trust their case to the fairmindedness of the American people with the facts before them.

BIG SUIT FILED

Hon. W. C. Hamilton, Commonwealth's Attorney, of this city, filed last Monday in the Circuit Courts of Bath and Menefee counties, suits against the Illinois National Supply Company, now located at Winchester, charging them with having purchased a number of wells in the Ragland Oil fields and other territory, principally for the purpose of removing the tubing and casing from the wells. A large number of casings have been removed by this company, and they are charged in the petition with failure to plug the wells as required by the Statutes of Kentucky; which makes it vitally important that all abandoned wells be carefully plugged and filled so as to prevent any flooding or overflowing and cause damage to the surface or injure neighboring wells that are producing. The penalty is

\$1,000 fine for each well abandoned and not plugged as required by law. The statute is practically a new one and the outcome of the trial will be watched with interest. The suits were brought in the name of the State. According to the petition, there are some sixty or more wells that have not been looked after as the statute requires.

ACCEPTS GOOD POSITION

Mr. Harry Reis, son of Mrs. Edward T. Reis, of this city, has accepted a position as draughtsman for the Chesapeake and Ohio railroad with headquarters at 102 East Gray Street, Richmond, Virginia. Mr. Reis is an excellent young man, thoroughly capable and will make the C. & O. an excellent employee.

SOLDIER BOY DIES IN NEW MEXICO

Arthur Pasley, who went from this county in the first draft to Camp Taylor, and was later sent to Hattiesburg, Mississippi, where he became ill of tuberculosis, and was sent to Camp Bayard, New Mexico by the Government for treatment died there last Tuesday. The body was brought to his home in this county, and the interment occurred here. Mr. Pasley was about 22 years old and is survived by one brother, Lewis Pasley and sister, Miss Sallie Pasley of the Levee neighborhood. He was a fine young fellow and his death, which occurred while he was a member of the United States army, is a matter of deep regret. Thus one more Kentucky boy, and this time one of our own young men, has given his life for his country.

APOPLEXY FAATL

While working in a wheat field last Tuesday afternoon, Mr. Uriah Setters, a tenant on the farm of George Roberts, near Sideview, this county, was stricken suddenly with apoplexy, and died before he could be removed to the house. Mr. Setters was 73 years old, and is survived by his wife and six sons, William H. Setters, of Winchester, Frank Setters, of Pebble, Ky., James Setters, of Parksville, Ky., and Robert, John and Cleveland Setters, of this county. He was a hard working industrious man and good citizen. The body was taken to Bethel, Bath county, Thursday for burial.

"EIGHT WEEK CLUB"

Misses Margaret Hadden and Mary Beall have started an "Eight Week Club" among the 'teen age girls in the Camargo community. Each week the club meets, either at one of the homes or at the Sulphur Well, and the young ladies employ their time in sewing for the Belgian children, and enjoy a social get-together and light "eats." The Club plans to give a play and an ice

Meat Must Be Sold

Fresh meat is perishable. It must be sold within about two weeks for whatever it will bring.

A certain amount of beef is frozen for foreign shipment, but domestic markets demand fresh, chilled, unfrozen beef.

Swift & Company cannot increase prices by withholding meat, because it will not keep fresh and salable for more than a few days after it reaches the market.

Swift & Company cannot tell at the time of purchasing cattle, what price fresh meat will bring when put on sale. If between purchase and sale, market conditions change, the price of meat must also change.

The Food Administration limits our profit to 9 per cent on capital invested in the meat departments. This is about 2 cents per dollar of sales. No profit is guaranteed, and the risk of loss is not eliminated.

As a matter of fact, meat is often sold at a loss because of the need of selling it before it spoils.

ADVERTISING IMPORTANCE IMPRESSED ON CLOTHIERS

Emphasizing the importance that lies in the merchant stating the truth in all advertisements, for it is through this way that the good will of the consumer is secured, Thomas E. Basham delivered a message intensely interesting to the delegates to the Kentucky Retail Clothiers' Association at the closing session at the Seelbach. Mr. Basham went deep into the subject, discussing it from various angles, giving the viewpoint of the merchant in comparison with that of the buying public. Business houses, according to the speaker, cannot afford to cease advertising on account of the war, for their concerns will suffer tremendously both now and in the future.

"Advertising is an asset, because it produces the good will of the consumer and makes him desire to buy that which you offer intelligibly and economically. Give value received and state the truth at all times, for should you adopt any other policy than that the public will not trade with you."

Standardized values were indorsed by Mr. Basham, who said that better results would be obtained by bringing about such a movement. After making the price, allowing a living profit to the retailer, he advised the merchants to stick to their prices. According to the speaker, an advertising man, to be successful, should know the value of merchandise. A round table discussion followed his address.

Mr. Basham when asked if the business houses in the small towns, which have lost population through the draft, could afford to curtail their advertising, he said "no." However, he urged the writers of advertising of the small cities to be more specific in their announcements.

The sixth annual convention closed yesterday after a two-day session. The next convention will be held next June in Lexington. The following officers who have served since February, were re-elected:

Granville L. Barton, Jr., president; I. L. Price, of Paris, first vice president; Ellis Malone, of Franklin, second vice president; Withers P. Davis, of Paris, secretary and A. L. Harbison, of Shelbyville, treasurer.

The "simple life" of a simple man, brethren, is when his chief care is the wish to be what he ought to be. That is, honestly and naturally human. We may compare existence to raw material. What it is, matters less than what is made of it; as the value of a work lies in the flowering of a workman's skill. True life is possible in social conditions and the most diverse, and with natural gifts the most unequal. It is not fortune, or personal advantage, but our turning them to account. That constitutes the value of life. Fame adds no more than does length of days. Quality is the thing.

ALL ALLIES TO HAVE COMMON LEGAL TENDER

United States army service checks, issued in denominations of French currency, have made their appearance at a National army cantonment in the East. They will be accepted as legal tender on the entire western battle front, including the allied lines in Italy, military officers stated today. The checks bear valuations of 50, 100 and 200 francs. They will be issued in exchange for American money to troops going overseas, eliminating

the former practice of providing the soldiers with gold.

Don't Get All Messed Up

Oiling your car is a messy job at best. You ought to be in overalls when you tackle it.

The next time your car needs oiling, bring it around and let us do it right. It will cost you but little, and insures smoother running and a better cash value for your car when trading-in time comes.

ODDLY SHAPED FEET NOW GET FITTED IN ARMY SHOES

Two out of every 1,000 men in the Army have to have their shoes made to order. In several camps entire regiments have had their feet measured, and hundreds of drawings were made of odd shapes and sizes. At the present time the Army uses between 2,000,000 and 3,000,000 pairs of shoes a month.

Facts brought out in tests seem to prove that men in the present Army are larger than those serving in previous wars. Not only is this shown by the larger sizes of shoes called for, but by the larger sizes of outer clothing that is being required. Records in the Quartermaster Corps show that a size larger, on the average, is being demanded in blouses, shirts, and breeches than have ever before been used.

We are authorized to announce
HON. WILLIAM J. FIELDS
of Carter County
As a Democratic candidate for Congress, in this the Ninth Congressional District, at the State Primary August 3rd, 1918.

TO OUR NEW READERS

As a result of the contest, just over, with this issue, the Advocate will go, for the first time to hundreds of new subscribers in this and adjoining counties and calculating five persons to a family, as is the rule, our readers have increased many thousands. As soon as we are able to tabulate and arrange our mailing list, so that we can do so with accuracy, we will publish a sworn statement of our circulation. We welcome our new subscribers and hope we may merit their warm friendship and loyal support.

The nasty attack made by Mr. Edgar Hagar, of Ashland, upon Congressman Fields, will not soon be forgotten by the Democrats of the Ninth District.

"What we seek is reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind."
—Woodrow Wilson.

To My Friends:

I surely wish to express my sincerest thanks and appreciation to all my friends who have supported me in such a splendid manner in the Advocate's big prize campaign.

The millions of votes that I have received and the kindness and favors that you have shown me in the campaign are things that I can never forget. I may not be able to see you all to thank you personally so I take this method of expressing my gratitude to all my friends who so loyally supported me.

I also wish to thank The Advocate and Mr. Potts, the manager of the contest, for their squareness and kindness to me during the campaign.

Gentlefully yours,

RUTH DAY.

LETTERS FROM OUR BOYS

The following letter from Carl Cassity of Montgomery county who is now "somewhere in France" to his brother Clarence Cassity of Lexington, Ky.:

Dear Brother:

I am now "somewhere in France."

I am well and hope this will find everybody the same. I would like to be at home for a while but have a poor show of getting there just now. It is pretty cool over here especially at night and I don't think it is going to get much warmer. The potato crops are looking fine and also the wheat. The farmers are saving their hay now. The women over here can throw as much hay as a man. I am right close to a river, can take a bath every day and there are plenty of fish but haven't been able to catch any of them. I have been practicing shooting a big automatic gun and drilling to "beat the hand." It looks like business is going to pick up in a few days and will make the hair fly. There is a Y. M. C. A. close to us, the French have church every day just before breakfast and after supper.

Would like to hear from you soon and tell me all the news.

CARL CASSITY.

Paris Island, S. C.

June 2, 1918.

Dear Mother

Will answer your most welcome letter I received the other day and was glad to hear from you. It is still awful hot down here and has been training most all of the time for the last two or three days. Well, I have at last finished my first training, finished up this morning. We shot for record's yesterday in an awful hard rain but Ed Bogie and I made distinguished marksmanship for which we will receive two dollars more on the month and also get a silver bar medal with the word "Marksmanship" across it. We will get them about tomorrow. I also got the cook's job, and will move to the cook's and baker's school in a few days, and I think I will then have much more time for myself. Most all of our company were stationed on the Island on special duty. I am well satisfied with what I got. I thing I will like it alright.

How are all by now? Still well I hope. Tell George hello for me. The cakes were just grand, I divided them with Ed for he always divides everything he gets with me. I still have some of it in my box. After I get moved I think I will have a better place to keep things. With love.

Your son,
JAMES BECRAFT.
—W. S. S.—

VACCINATION ORDERED

In accordance with a rule issued by the State Board of Health, all pupils attending school in Montgomery county, as well as all teachers, must be vaccinated and present a certificate for some physician to that effect. Otherwise, they will not be permitted to attend. This is being done in all counties where small pox existed last year and this county and city had a number of cases last year and this year as well. It is hoped that this action will prevent another epidemic this year, which would be especially harmful if it should be carried into some army camp and be thus spread among our soldiers.

BUSY PAYING DEBT

The Fiscal Court of Montgomery county, celebrated the ending of the first six months of its existence, under the commission form of government, by calling in and burning ten thousand dollars worth of turnpike bonds, at its last meeting. This makes seventeen thousand five hundred dollars worth of bonds, with accumulated interest, the present administration has paid in its first half year.

WONDERFUL ASSORTMENT

Possibly no more patriotic company exists than the National Biscuit Company. When the war was declared this concern was using a vast amount of wheat flour and when Mr. Hoover made his ruling regarding the wheat flour they immediately began the manufacture of cracker and cakes using substitutes and are now making 225 varieties of cakes and crackers of which more than one half contain no wheat flour.

The writer is indebted to this company for a sample box of these wheatless cakes and found them very palatable and had we not been told would have thought them made of wheat flour.

What this concern has done in a big way our people can do and when the nation as a whole begins to appreciate the why of wheatless and realize that saving wheat means the saving of thousands of lives of our

boys and their co-fighters in the Allied armies as well as the lives of millions of the population in the war-swept countries, there will be a great patriotic response, for the nation at heart is intensely loyal and willing to do its full share in winning the war. Much educational work has already been done, but more is necessary. America awake! Let every man, woman and child explain the why of wheatless and spread throughout the land the necessity for conserving the wheat.

TO THE MEMBERS OF THE WOMAN'S HISTORY CLUB

It will perhaps interest the members and friends of The Woman's History Club to know that by private contribution and with the proceeds of the picture show given last Tuesday night under the auspices of the Council of National Defense and The Woman's History Club, one hundred and fifteen dollars was realized for the benefit of the State Home for Delinquent Girls. This amount which was fifteen dollars in excess of the quota to be raised by the Woman's History Club was applied to the apportionment of three hundred dollars asked of Montgomery County for this important war measure.

Members of the local W. C. T. U., many of whom are also members of the Club assisted splendidly to raise this money. It is to be hoped various organizations will co-operate with and assist each other in raising this quota for the County. Those who support this splendid war measure are not only making it possible to rehabilitate wrecks of humanity, but are standing directly behind the Administration in its effort to maintain the Nation's efficiency during this war. Twenty thousand dollars has been raised by the women of Louisville for this cause, over twelve hundred dollars was raised in Lexington alone. This request is made of and being splendidly met by the women of every county in the State.

The women of Montgomery usually rise to the occasion, and as the quota for this cause is reasonable it will surely be met.

ENTERTAINS FRIENDS

Miss Sarah Francis Hamilton, daughter of Mr. and Mrs. J. Carroll Hamilton, entertained a large number of friends with a delightful dinner at Ringo's Cafe Thursday July 4th. The room was beautifully decorated with the national colors and presented a most attractive appearance. After dinner the little folks enjoyed games for several hours and all present voted little Miss Hamilton a most entertaining hostess.

"The Red Cross Nurse" will be the title of a play to be given by the Eight Week Club at the Consolidated School at Camargo on the evening of July 19th. The proceeds will go to some patriotic cause and the public is cordially invited to attend.

To My Loyal Friends:—

May I not express my heartfelt thanks and sincerest gratitude to all my friends who were instrumental in polling for me, the millions of votes that I received in the Advocate's prize campaign. I am delighted with my prize, but more than that do I appreciate the kindness and loyalty of those who made it possible for me to receive it. I am fully satisfied with the way the campaign was conducted and I wish to thank the Advocate and the manager of the campaign for their kindness and fairness shown me in the big prize race.

Very gratefully yours,

FORMER LOCAL BOYS MARRIES

The following announcement appeared in a Montana paper: "Mr. J. K. Shannon, district manager of the Reynolds Tobacco Company, and Miss Anna O'Donnell were quietly married Tuesday morning, June 11, at St. Patrick's church, the Rev. Father Whalen reading the marriage lines. They are now touring the State and will return to Butte, where they will be at home to their friends after July the first."

Mr. Shannon is a son of the late Pat Shannon and wife of this city, and is one of the most excellent young men ever reared here. Many friends here at his old home join us in congratulations. His bride is said to be an excellent young woman. Mr. Shannon is a nephew of Mrs. John J. Walsh, of this city.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. CONVERSION OF LIBERTY BONDS

Liberty bonds of the first and second issues and those obtained by converting bonds of the first issue into 4 per cent bonds can be converted into 4½ per cent Liberty bonds during the six months' period beginning May 9 and ending November 9, 1918. The new bonds will be dated May 9, 1918.

After November 9, 1918, no further rights of conversion will attach to the 4 per cent bonds, either the original bonds of the second loan or those obtained by conversion of bonds of the first loan. All of the 4½ per cent bonds are non-convertible.

Bonds for conversion may be surrendered at any Federal reserve bank or at the Treasury Department. Registered bonds must be assigned to the Secretary of the Treasury for conversion, but such assignment need not be witnessed.

On conversion of registered bonds registered bonds only will be delivered, neither change of ownership nor change into coupon bonds being permitted.

Coupon bonds, however, may be converted into registered bonds upon request. Coupon bonds must have the May 15 or June 15, 1918, coupons detached and all subsequent coupons attached. Coupon bonds issued from conversion will have only four interest coupons attached, and later must be exchanged for new bonds with the full number of coupons attached.

LETTER FROM "OVER THERE"

Somewhere in France.

May 18, 1918.

Miss Josephine Shackelford,

Mt. Sterling, Ky.

Dear Josephine:

I will now start to answer your kind and most welcome letter just received.

I left Georgia four days before your letter was written. We enjoyed our trip fine, but they say it was one of the most dangerous voyages that was ever made across the Atlantic. We arrived safely and like the country fine. There are plenty of pretty girls, but you know they can't talk or maybe it is me who can't talk. You asked me how I spent the Sundays. Well I spent them pretty well at Chattanooga but don't expect to see any more real Sundays until the war is over and believe me I am anxious to do my part to end it. I guess I will get a chance at the Germans in a very short time. They will probably get me, but I will die happy, believing I have done my duty before God and my country. We are not far from the front and will move on soon.

Well, I suppose you girls are having "swell" times going to church and parties. Wish I could be with you.

I haven't heard from Inez since I have been in France. It seems like we can't make connection just right.

Are you going to teach again this year? Well, I cannot write much now but will have some exciting stories to tell you when I get back if I ever do. Pardon this kind of paper for paper is more scarce than money here. I will close for this time, hoping to hear from you soon. I will enclose one of my photos.

Lovingly,

PVT. J. H. PERGEM,

HAGAR NURSING GROUCH

We told you it would be interesting to have Congressman William Jason Fields' opinion of Edgar Hagar after reading Edgar's regret that his district "had not a more capable and able representation in Congress." William Jason says: "Edgar's attack 'is only excretion from a sore on your political skin that you have carried since the day I defeated you for the nomination for Congress in 1910.' From which it is fair to deduce that Edgar has gone and busted his boil."—Cynthiana Democrat.

PATRIOTIC FOODS

Combination Muffins

(Using no wheat)

Method of Mixing

Add to the cup of milk the melted fat, syrup and slightly beaten egg; sift the salt, baking powder and flour together. Use a coarse sieve so that no part of the flour is wasted. Combine the two mixtures stirring lightly without beating. Bake in a hot oven (437 degrees F. or 225 degrees C.) for 20 or 30 minutes, depending upon the size of the muffins.

These recipes make 24 small muffins (3 of which make a 2-ounce serving) or 8 very large muffins.

The ground rolled oats are the same as rolled oats ground in a food chopper. When using oats mix them with the other sifted dry ingredients.

When cornmeal is used mix—do not sift—the ingredients.

A wide variety of combinations is possible even when limited to the use of a few substitutes.

All of the combinations are good. In nearly all cases a combination of substitutes makes a better product than the use of only one substitute.

Muffins containing oats have a particularly pleasant flavor.

Other substitutes used with buckwheat will modify the color and improve the flavor of the product. The use of molasses will also do this.

1—Combination Substitute Muffins

One cup liquid, 1 tablespoon fat, 2 tablespoons syrup, 1 or 2 eggs, 4 teaspoons baking powder, 1 teaspoon salt, 1½ cups barley flour (4 ounces), 1½ cups ground rolled oats (4 ounces).

2—Combination Substitute Muffins

One cup liquid, 1 tablespoon fat, 2 tablespoons syrup, 1 or 2 eggs, 4 teaspoons baking powder, 1 teaspoon salt, 2¼ cups barley flour (6 ounces), ½ cup ground rolled oats (2 ounces).

3—Combination Substitute Muffins

One cup liquid, 1 tablespoon fat, 2 tablespoons syrup, 1 or 2 eggs, 4 teaspoons baking powder, 1 teaspoon salt, ¾ cup buckwheat, (4 ounces), 1½ cups oats, ground (4 ounces).

The How and Why of Caloric Pipeless Heating

The CALORIC is not a pipe furnace with the pipes left off. Neither is it an experiment, hastily put together to meet a demand. It is specially designed to heat homes, halls, churches, stores, factories, etc., more uniformly, economically and satisfactorily than they have ever been heated by other systems.

The CALORIC works thru Nature's own laws of circulation by air currents. Warm air rises. Cold air falls. Warm air and cold air cannot occupy the same space at the same time.

HERE'S THE SECRET In the same volume that the warm air is pumped up into the house, an equal amount of cold air is drawn into the furnace, where it is heated, moistened by the vapor from the two gallon water pan, and then recirculated through the register. This continues as long as the fire burns.

Thus there is a constant circulation of properly moistened warm air. Just as running water warms.

The Original Patented Pipeless Furnace

fits itself, so this circulating warm air, passing thru heat of from three hundred to eight hundred degrees, in which no germ can live, is kept pure and healthful.

The CALORIC is guaranteed by the oldest and largest manufacturers of warm air heating systems in the United States. You take no chances when you buy a CALORIC.

Whether your house is old or new, the Caloric is easily installed in one day, without interruption of your present heating arrangement. No holes knocked in your walls, no cellar full of heat-wasting pipes. The Caloric requires but one register and occupies little space. It burns any fuel, and needs hardly any attention. Makes housework one-third easier, as there is no mess from carrying in coal and carrying out ashes—no smoke, gas or soot. Eliminates fire danger and increases the value of your property.

Visit us and we will gladly supply full information without the least obligating you to buy.

UNCLE SAM'S ADVICE

ON CANNING

PEACHES

Before preparing fruit make
syrup (three pounds and 9 ounces
sugar to one gallon of water or
five pounds eight ounces sugar to
one gallon of water,) allowing
about one cup of water for each
quart jar. Put in one cracked
peach pit for every quart of syrup.
Boil syrup for five minutes.
Strained honey or other syrups, can
be used in place of a part of the
syrup usually required.

Sort the fruit, using firm, sound,
uniform peaches for canning and
putting aside the soft broken ones
for jam. Peeling may be done by
immersing in boiling water about
one minute or until skins slip eas-
ily. Remove, plunge for a minute
into cold water and slip off the
skins. Cut into halves and pack at
once in previously boiled jars, plac-
ing the halves in overlapping lay-
ers, the concave surface of each
half being downward and the blos-
som end facing the glass. Fill each
jar with hot syrup and paddle
carefully to remove air bubbles.
Partially seal jars. Boil (process)
quart jars in a water bath for 20
minutes and half gallons 35 min-
utes. When thoroughly cold test
jars for leaks. Store in a cool, dark
dry place.

Firm, perfect peaches may be
flouted in boiling water for about
20 seconds after being peeled. They
are then cut in halves, seeds re-
moved and packed as indicated
above. Peaches flouted in this
manner are made more flexible and
pack to better advantage. They also
become mellow, absorb more syrup
and are finer in flavor.

If the waist lines get any higher
a girl will be able to sew a few in-
ches of white goods on the top of a
skirt and cut two arm holes in the
top of the skirt and have a complete
gown.

HAIL INSURANCE

Better protect your tobacco with hail insurance. With the shortage that exists the price is bound to be high, why take a chance when protection costs you but little. Give it your attention at once.

LOUISVILLE MACHINIST REGAINS STRENGTH BY TAKING VIN HEPATICA

Was Very Weak and Nervous—Couldn't Sleep Well—Now All Right.

Mr. J. R. Trayler, machinist of 4th and K Sts., Louisville, Ky., stepped into the Taylor Isaacs Store, Third and Jefferson Streets, and said:

"I want six more bottles of Vin Hepatica. I have used two bottles for my nervousness, weakness, back ache, loss of sleep, and loss of appetite, and have had such good results that I want six bottles of it on hand. I feel 100 per cent better than I did, have regained my appetite, am able to sleep, and am feeling stronger, and better in every way."

Like hundreds of others, he saw

in the papers what it had been doing for the sick and suffering everywhere, and he came in and investigated it, saw it was a real nature remedy. And he tried it just like you ought to try it if you are feeling all rundown, nervous, or have any pains in your back, are bothered with indigestion or other stomach, liver, or kidney trouble. It is a mighty fine spring tonic too. It puts pep in your step, makes you feel like a new person. Come in and get a bottle and try it on our recommendation. W. S. Lloyd, Mt. Sterling, Ky., C. W. Peters, Sharpshurg, Ky.

ANONYMOUS LETTERS WILL NOT BE CONSIDERED

Mr. S. S. Pinney, Local Food Administrator has announced that anonymous letters calling his attention to violations of the food laws will be absolutely disregarded.

Some of these reports are probably true but the writer of the letter is a law-breaker and in the same class as the violators of the food laws. Information given by those who do sign their names is held in strict confidence and their names are never made public.
